

# An Honourable Man

I have asked myself this question, what is an honourable man ?

Perhaps you know the answer , well tell me if you can,

Is it a man who is always thinking, how can I help and make it right,

Or some one like Bono, who just wants the pure spotlight !

\*\*\*\*\*

The Irish People endured the Celtic Tiger, Bertie rants and raves,

But what of the homeless, who are now in unmarked graves ?

Charity could make a change , and I will state what you have to do,

You can make a difference, where the TD's have not got a clue !

\*\*\*\*\*

How can you change your Society, even show that you do care,

Get in touch with your true person, if you really dare !

Because somewhere deep inside, of your true loving self

Is a very human person, But also a heavenly Angel Elf !

\*\*\*\*\*

Yes fallen from Heaven , but still you know your place,

To spend some time on earth , to help the human race,

You see your birthright, is just a gift from my true God,

And he gives you a chance, to do good before the cold cold sod !

\*\*\*\*\*

Yes once again an ending, which elucidates foresight,  
You could choose the dark, Or the all redeeming Light !  
The final lifetime question, Were you an “ Honourable man “ ?  
If no is the FINAL answer, Check in with Olde Satan !
